### GHQ Flyoff

Our contest director, Don Bekins, decided there would be no GHQ flyoff this year. His decision was based on the assumption that a minimum of TWO entries are required to launch ONE flyoff. A wise decision....

Note: After review of the field tabulations, a correction was necessary in the final standings for the Ohlsson 23 Special Event. Howard Osegueda's times had been totaled and presented as 12 minutes:79 SECONDS, but after an adjustment was made to the equivalent 13 minutes:19 seconds, you can see that Howard wins FIRST Place by a mere 11 seconds over Nick Sanford's 13:08! Nick has already been informed of the correction and he accepts it graciously. Nick was the winner of the Ohlsson 23 Trophy at the 1988 Crash & Bash.

Howard, we can arrange to have the Ohlsson 23 Trophy delivered to you at Jean, but you must be sure to sell enough engines to make room for it on your return. Congratulations!

**Spirit of SAM Concours Event**

Congratulations to Don Bekins who won the beautiful wire sculpture trophy of a Trenton Terror. Don's entry was a gorgeous Ohlsson powered Scientific Ensign. The wire sculpture was created by Michael Thompson. Honorable mentions were John Pond's Bowden Mallard, Dale Bower's Quaker, and Ed Hamler's Red Zephyr. Other entries included Angus Crosbie's Quaker, and Karl Righetti's Ehling 2 in 1.
