

**1. AMA membership is mandatory.**

**[www.modelaircraft.org](http://www.modelaircraft.org)**

**The Club requires your AMA number to fly at our field.**

**\*There is now a US government requirement that anyone flying a small unmanned aircraft system (sUAS) (model) weighing more than ½ pound and controlled by radio control have an FAA ID number. This is not a Club requirement but just to be safe . . . .**

**<https://registermyuas.faa.gov/>**

**2. A \$50 fee:**

**Payable to SAM 27**

**Sent to: Chip Buss**

**1288 Denlyn Street**

**Novato, CA 94947**

**3. A safety orientation at the field with the President, Vice President, or other club officer.**

**4. Must be able to demonstrate safe flying ability.**

**(The club will assign someone to teach you if you haven't flown before.)**

**5. Must build or purchase a "old timer" and fly it within one year.**

**(Club members will assist you with selection and building if necessary.)**

**6. Will have a sponsor assigned to him to answer questions and check progress.**

**(All Club members are willing help or answer questions.)**
